

Board Approves Request To Build Girls' College

On May 9 the College Board of Control approved a request by the Sisters of the Precious Blood to build a girl's college in the near vicinity of St. Joseph's. Announcement was made by Rev. Seraphim W. Oberhauser, Precious Blood Provincial and chairman of the Board.

According to Rev. Raphael Gross, president of the college, it will probably be three to five years before the establishment of this school could become a reality. Fr. Gross emphasized that the approval of this request does not make the appearance of this school absolutely certain. "It is still but in the very early planning stages," he stated, "and a great many details remain to be worked out."

Fr. Gross praised the work which the Precious Blood order has done in the cause of education. "For over a century the Sisters and Fathers of the Precious Blood have

effectively worked together in families and schools throughout America," he said. Accordingly, he stated, "the Board of Control gladly affirmed the idea of the Sisters' establishing a college here."

The home of the Precious Blood Sisters in Dayton is sending three Sisters to study at St. Joseph's next year and study towards their degrees. They are Sister Mary Phyllis, Sister Mary Gaspar, and Sister Mary Giovanni. While these Sisters are at St. Joseph's they will live with the community of Precious Blood Sisters already here.

Two teaching Sisters are also scheduled to join the faculty next semester. They are Sister Mary Anthonita, Ph.D., and Sister Mary Theona, M.A. Both are presently teaching at the University of Dayton. Sister Anthonita will teach social science, and Sister Theona, English.

Summer Session to Begin June 19, Offer Variety of Credit Courses

Summer session classes will begin at St. Joseph's on June 19. Classes will be held through July 27 and 28, when final examinations are held.

Special offerings will include first and second year programs in theology, and programs in physical education and geology.

Regular course offerings will include courses in economics, education, English, French, history, humanities, journalism, Latin, mathematics, natural science, music, philosophy, and speech.

Summer school courses are open to any student in good standing at St. Joseph's during the academic year 1955-56, high school graduates, including those who expect to graduate in June, 1956, to qualified students attending other colleges and universities, and to adults, particularly teachers.

Prospective as well as in-service teachers may apply credits earned in the summer session toward a degree and toward the completion of certification requirements on either the secondary or elementary level. Veterans who enter summer session courses will be eligible for the regular benefits in accordance with the regulations of the Veterans Administration.

A formal application will be sent upon request. It should be filled out and returned to the registrar of

the college. Applicants under 21 years of age must submit evidence of graduation from high school if they intend to take courses for credit. Applicants who are candidates for a degree at another college or university must present written approval from the Dean of that institution for the courses for which they wish to register.

Credit is given in semester hours. Students registering for courses in the summer session may not enroll in more than two, or for a total of more than six semester hours of credit.

Charges for the summer session are as follows:

Tuition per semester hour of credit, \$10; Room and board, double room \$100, single room \$115; Late registration, \$5; Laboratory fee, freshman science courses, \$5, advanced science courses, \$7.50; Geology field trip, \$275.

Fr. Lucas Named Education Chairman

Fr. Lucas has been appointed chairman of the Education Department of St. Joseph's College, replacing Fr. Maziarz. The appointment, made May 8, will be effective for a three year period.

No. 15

Degrees to be Awarded to 66 Seniors at Commencement

Seniors Marv Hackman (left) and Joe Barnett, the two top scholastically ranking students, will be the first St. Joe graduates enrolled into the honor society Delta Epsilon Sigma. Hackman is class valedictorian.

Hanely to Speak At Graduation June 3

A total of 66 degrees will be conferred on June 3 when St. Joseph's College holds its 61st commencement exercises. The commencement address will be given by Mr. William A. Hanley, a member of the Board of Lay Advisors.

The day's program will begin with an academic procession to the chapel at 10:15 a.m., followed by Baccalaureate Mass at 10:30.

At 1:45 there will be an academic procession to the auditorium for the awarding of the degrees. Following this will be the commencement address by Mr. Hanley. Mr. Hanley, who is scheduled to be awarded the honorary Doctor of Laws Degree at the ceremony, is the chairman of the Midwest Federal Reserve System, and holds, among his many positions, the presidency of the Board of Lay Trustees of Purdue University.

Senior Marvin Hackman will then deliver the valedictorian address. Hackman and Joseph Barnett are due to be enrolled at the ceremonies into Delta Epsilon Sigma, national Catholic scholastic honor society. They will be the first St. Joseph graduates to become members of this society, since St. Joseph's College just entered this year.

Raleigh Hall will be the site of a faculty reception for graduates and their parents at 3:30, terminating the day's festivities.

St. Joseph's Joins National Catholic Scholastic Society

St. Joseph's College has joined the national Catholic honor society, Delta Epsilon Sigma. Two seniors, Joe Barnett and Marv Hackman have been named as the first St. Joe students to be enrolled into this society. They are the two top ranking students scholastically in the senior class, and will be officially enrolled as a part of graduation exercises.

St. Joseph's chapter will be called Gamma Delta. The faculty members who are founding fathers of the campus branch are Fr. Gross, Fr. Maziarz, Fr. Kaiser, Fr. Kenkel, and Prof. Tonner. The purpose of Delta Epsilon Sigma is the "recognition and encouragement of high scholarship among the graduates of Roman Catholic liberal arts colleges and universities."

At present there are about 75 schools throughout the country enrolled in it.

Mahoney Resigns As Stuff Editor

Tom Mahoney has resigned as editor of Stuff. His resignation, which was turned in the first week of May, is effective as of the end of the present semester.

Mahoney, a sophomore from Leo High School, Chicago, replaced Jim Station, a junior from St. Ignatius High School, Chicago, at the beginning of the semester. Rev. James Hinton, moderator of the paper, has not yet named anyone to succeed Mahoney.

Indiana Colleges Expect Boom In Enrollment During Next Decade

Indiana's colleges and universities, including St. Joseph's, announced last Monday they have agreed that with adequate financial support they will be able to absorb anticipated increases in undergraduate student enrollments through 1956.

St. Joseph's College was represented at a recent Indianapolis meeting by Rev. Raphael Gross, president of the school.

Expect Boom In Enrollment During Next Decade

Dr. Thomas E. Jones of Earlham College, president of the 30 member conference, said that each institution had studied its enrollment capacity and the total for all met the expected student demand.

The 30 institutions last fall had 49,994 undergraduate students. A Conference study completed last December showed that this enrollment will increase to 71,000 by 1960 and to 92,000 by 1965.

The individual institution studies were said by President Jones to have been made on the basis of adequate financial support for both the private and state schools. With this support it was agreed that the half-and-half undergraduate enrollment balance between private and public institutions can be maintained and there would be no need for new colleges in the state.

The enrollment projection to 1965 and agreement among the 30 colleges and universities anticipates an approximate 8 per cent increase in undergraduate enrollment each year. This, the Conference has found, has been the average yearly increase since 1952. The increases for individual institutions, it was pointed out, will vary somewhat as between schools.

The agreement by the colleges and universities to absorb increases applies only to undergraduates. Notre Dame, Indiana, and Purdue alone have graduate programs leading to the doctorate degree.

The Indiana Conference, which met recently in Indianapolis, will hold a fall meeting to consider additional staff, building, and staff salary needs.

Physical Education Class Assists Jasper County Health Council by Studying Recreational Facilities

Members of physical education class "Public Recreation and Camp Facilities" recently took part in the Jasper County Health Council's "Mental Health" program. Beginning in mid-March, the class began making a survey of recreational facilities throughout Jasper County.

At the conclusion of some seven or eight weeks of research, the group presented a program of its findings to a meeting of the J.C.H.C. at Rensselaer. Responsible for interesting the class in the project was Viola Clover, a member of the class and also the J.C.H.C. Acting on her suggestion, the class

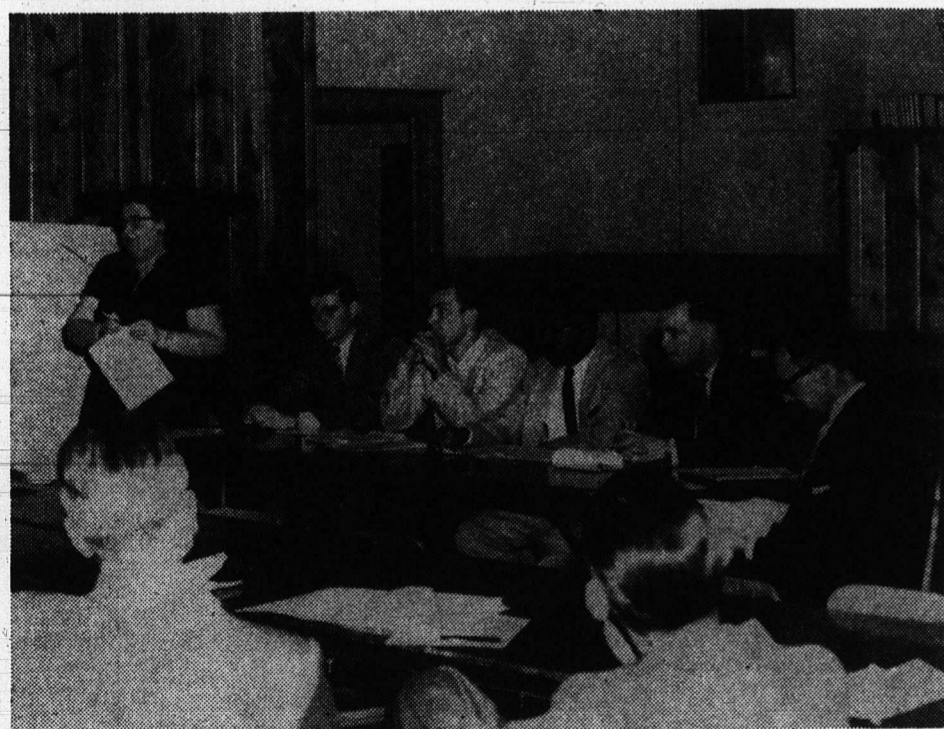

members each took one individual phase of the program and worked on it.

Miss Cover studied the role of private organizations in Rensselaer; Joe Dulin the civic recreational program; Cliff Robinson, the program of the commercial organizations; Tom Weber, the school programs, both city and county; Don Weishaar, the combined programs in Brook; and Dick Bowman, those in Remington.

Under the guidance of Mr. Richard Scharf, instructor of the class, the members combined their findings and issued a report in the form of a 10 point program of recommendations. This was done at the April 30 monthly meeting of the J.C.H.C. Mr. Scharf addressed the group on the contributions of recreation to mental health, and following this, each member of the class spoke on the particular phase which he had covered.

Among the 10 points which were included in the report were: community interest, attracting leadership, enlargement and better use of recreational facilities, a year around program, and an all-age program.

The president of the J.C.H.C., Mr. Albert Kuhn, and the director of the organization, Mr. Stanley Watson, both expressed their gratitude to the class for their work on the group's behalf.

Mrs. Robert Cover, one of the members of the St. Joe Physical education class which did research throughout Jasper County, presents her findings at a meeting of the County health group April 30. Left to right are Don Weishaar, Tom Weber, Cliff Robinson, Dick Bowman and Mr. Scharf.

Plan Next Year's Concert Series

A four concert program is being planned for next year by Mr. Richard Kilmer, program supervisor. Three of the groups have already been determined, while the fourth is not yet definite.

Appearing on the program will be the Original Don Cossack Chorus and Dancers, the Ballet Company of Paris, and a piano duo of Melvin Stecher and Norman Horowitz.

The Don Cossack Troupe, which combines singing and dancing in its performances, is conducted by Serge Jaroff. This group has recorded for a number of labels and will bring a total of 27 members to the Collegeville stage.

The duo-pianists, Stecher and Horowitz, have been described by the Christian Science Monitor as "Remarkable musicians . . . taste, technique, and style."

The famous ballerina Lysette Darsonal will bring her group of 12 members of the Ballet Company of Paris in the other concert. The group will include two pianists.

Our Thanks to Those Who Helped Paper

This is the final issue both for the year and for the present editorial staff. During the year we have attempted to edit a paper that would be both informative and interesting to you, the student reader.

We like to feel that, for all our shortcomings, we have succeeded to some extent in our purpose. We have witnessed interest in student government rise to what some claim is a new high, and we have presented the relatively unknown facts behind the track question to you, the students.

Our functioning would have been impossible without the cooperation of many people. To mention them all would be rather awkward, as we would invariably leave out one or two. In a general manner, we wish to thank those of you who rounded up the stories, those of you who were willing and cooperative news sources, and those of you who offered us constructive criticism with an eye towards helping us improve our paper.

A good summer to all the student body, best of luck to the graduates, and the same to those who will take over the reigns of Stuff next semester.

Don't forget your Religion while you are gone!

Few Spoil Privileges For Everyone Else

St. Joseph's students have, probably in common with students in schools throughout the country, the habit of griping about the status quo. The hard core of most, or at least a great deal of the complaining seems to lie in the matter of privileges—or lack of them.

Realizing the dissatisfaction over the question of discipline, the school occasionally will give members of the student body an opportunity to prove that they are capable of receiving a privilege without abusing it.

What too often turns out to be the result? The majority, the great majority, handle the situation with common sense. They realize that they are being "tested," and that if they prove themselves mature enough to handle themselves like men, they will be likely to enjoy such concessions in the future.

But what about the few? No, they find themselves utterly incapable of exercising any common sense. The result is that the majority of the students and the school itself must suffer because of their juvenile antics.

The school, in such a case, has no choice but to withdraw any privileges which would demand a sense of responsibility on the part of the student body. When such action is taken, the student body can have no one to blame but themselves.

Return of Pep Rallies To Classes Good Move

The Student Council has decided to return the pep rallies to the various classes. This we believe to be a very wise move. There is no denying that most of the pep rallies held throughout the past year were flops.

Pep rallies held up to and including the one before last year's homecoming, drew large, enthusiastic crowds. The reason was because the individual classes sponsored them, and skits were put on to relieve what can become rather routine "pep" talks.

It is certainly true that on occasions the classes might have gone overboard on the skits, to the exclusion of stirring up the student body for the game. But this can, and we hope will be remedied. The principle, that the students want some variety in the pep rallies, is clear. Mere repetitions such as were held last year drew nobody. If the classes can strike a happy medium in their pep rallies, we feel that the problem will have been solved.

What Do YOU Think?

by Dave Bauer

This issue of Stuff being the last of the school year, we are going to turn a reflective eye over the past nine months. Sometimes a great deal can be learned from looking over a past year that will help in the future. So our question is, "What can be learned from this past year that would benefit next year's classes?"

Pat Evard, Indianapolis Senior—The only thing that I personally think is lacking in all the classes is a feeling of unity. Anything the various classes undertake is handled by a few individuals—Homecoming, Prom, pep rallies and so on, right down the line of activities. If all the classes could get that feeling of unity among themselves and their classes it would be easier for all concerned.

P. Uzo Opara, Lagos, Nigeria, Freshman—I have been much impressed by the social life on campus. It has greatly reduced my desire for life in Lagos, though my thoughts are occasionally punctured with a feeling of nostalgia. I strongly suggest that subsequent proms be held at least two weeks before the semester examinations. It is also my suggestion that the orchestra for our mixers should be made to play other dance music beside Jazz and Blues.

Jim McGowan, Paducah, Ky., Freshman—I think the past year at St. Joe has been a very profitable one for both the faculty and students alike.

One of the most outstanding improvements has been the overall interest shown by the student body. The students are definitely interested in student government as evidenced by the excellent turnout at the polls for the Student Council and class elections.

Another noteworthy accomplishment has been the class spirit shown, especially by the "first year men." It was this class that proposed the Frosh mixer and then made it successful by a near perfect turnout at the dance.

This mixer is a fine example of class spirit and it is indicative of the results that can be brought about by good constructive suggestions presented to student body representatives by interested fellow students.

Frank Unger, Chicago, Junior—The major improvement the Student Council can and will make next semester will be in dances. The mixer situation here at school has always been one of the greatest problems. Next year, to remedy partly this problem, mixers will be possibly held in the fieldhouse with at least 200 girls attending. If this works out, the number of girls contrasted to that of our students, will provide a better ratio than in past years. Also, plans are being made far in advance of the semester to secure these girls' schools to attend.

Pep rallies have always, in the past, been a major problem. Student interest is lacking in this phase of athletics, and next semester the Council will return to the original method of having classes run them. In this way, the class will carry the rally as a project of its own, more interest should be shown, and the rest of the students will have more of an incentive to attend.

Dennis Milosch, Dearborn, Mich., Freshman—The amount of social life during the past year has been below the expectations of the student body. There have been three mixers on campus in the past nine months. According to my knowledge, there have been many more in past years. Enthusiasm over the first two was lacking because the boys greatly outnumbered the girls. The freshman mixer was a success because there were nearly as many girls as boys. We should have more such mixers in the future. For example, we could have a combined freshmen-sophomore and junior-senior mixer, alternately. If the Student Council doesn't have the funds for more and better mixers we could raise the dues from five to ten dollars a semester. I believe most students would be willing to pay this if the deplorable social situation could be improved.

Letter to Editor From Gamokes

Dear Editor,

For the second consecutive year, the mighty Lions of Noll Hall have literally cried their way to the 16" softball championship of St. Joseph's.

The Lions, who have had things in the intramural league to their liking for the last two years, went down to defeat 12-11 at the hands of the Gamokes of Merlini, only to come out victorious on the basis of a dubious protest.

After taking their lumps on the field, the chagrined Lions charged the fieldhouse with "Rita" O'Reilly, "Sarah" Swierkowski, "Doris" Devlin, and "Theresa" Tobin leading the brigade with one word on their lips, "Protest!"

It has been said that their charge was accompanied by the strains of "Cry, Baby, Cry!"

The Gamokes do not mind missing the steak dinner that the champions receive, but there is one question in their minds: "HOW DOES IT FEEL TO BE SECOND-BEST AND STILL BE CHAMPS?"

We hope the rest of the school recognizes the real champs,

THE GAMOKES.

On Campus

by Gerry McInerney

COEDUCATION AT COLLEGEVILLE:

Contrary to the many rumors circulating about the campus, St. Joseph's is not going to be invaded by the "fair sex" in the guise of resident students next fall or for many falls after that. The future plans for this college, as they stand now, do not call for the constant presence of women students. (Nuts!) That is not my opinion, but the opinion of those who run this school. Any woman who wished to enter the college as a day student is acceptable, but that is the extent of it.

EXPANSION PLANS: This summer, the construction of two new residence halls will begin. However, they will not be ready for the coming year. The idea of two additional buildings is a good one but perhaps it might be well to see what will follow from that idea. At the present time, the Recreation Hall is far from adequate in that it will not accommodate large crowds without having everyone climbing over one another. When these new buildings are completed, there will be an additional 200 students to consider. It doesn't take much intelligence to see that the Rec Hall is going to be worse off than it is now.

At the present time, there is no consideration being given to the idea of building another Union or to the possible extension of the present one. Any school that plans to expand yearly has to view a great many considerations, and is altogether possible that this matter was overlooked. Nevertheless, the matter is important and it should be considered.

XAVIER FOOTBALL GAME: Next year St. Joseph's is going to take a crack at one of the bigger schools in the country. "X" is making a strong bid for the big time and they are looking good doing it. The game will be played at Cincinnati on Sunday night, September 16th. The Student Council is going to make that a student trip and it is hoped that everyone will plan on attending. A large number of tickets are being purchased and will go on sale at the start of the fall term. Play it cool and get your ticket early. Why miss one of the best games of the season!

STUDENT COUNCIL: At the May 16 meeting of the Council, the request was made by the Sophomore class for an ap-

priation to help pay off the debt which arose from their picnic. The request was granted but not without a few words of lecture. The president wanted to make it quite clear that this was not to set a precedent. In the future, any class that can't handle its own had better call a cop.

A Little Reminiscing As School Year Fades

by Ted Thomas

It will soon be time to close our books, pack our belongings, and leave St. Joe's for the summer. Some of us will be glad to take that long-awaited vacation, to get a change of scenery, to get out of the old routine. A few of us shall graduate, and return to Collegeville seldom. Those leaving permanently will take with them many pleasant memories, and those returning will look forward to many more happy moments.

It seems like only yesterday that we returned to Pumasville for the fall semester—where did all the time go? Looking at the school year as a whole it might seem routine, uneventful; but, a day by day recapitulation will recall many pleasant events.

Remember when we arrived at St. Joe's last fall? The weather was balmy, the trees were green—Since then the trees and lawns turned to rich tones of orange and gold, the snows came, then they melted, and the spring rains began, bringing life once more to trees and grasses. Almost nine months have passed.

Last September we saw our football team lose its first game to Central State of Ohio, then go on to take the I.C.C. co-championship. Our net men started the basketball season with a bang, but slowed down during the second semester, finishing in a tie for fourth place. Now we're watching our baseball Pumas slug it out with some really tough competition. Looking over our athletic accomplishments we can hardly stifle that feeling of pride for our Pumas.

The social calendar also gave us much satisfaction. It began with the Homecoming, and Miss Chicago, Florence Gallagher, as Homecoming Queen. Also in October, we had a bingo. In November, a mixer with Mundein, a concert by the Silvertones, a Dad's

(Con't. on page 4, Col 1)

Spring Concert Stresses 'Pops'

by Ray Malik

The St. Joseph's College Glee Club brought its concert season to a successful end with its spring choral festival held May 16 in the college auditorium. In conjunction with the College of St. Francis Chorale and the SJC Extension Chorus, the Glee Club presented a program consisting predominately of popular music.

The reaction of the audience to CSF Chorale's rendition of "Yonder, Yonder" with Dolores Torres as soloist demanded an encore, as did the singing of "Clementine" by the Combined Chorus.

Piano Duet

This year there were two instrumental numbers included in the program. A piano duet of "Deep Purple" featuring Marvin Mucha and Manuel Pasquil did much to show both men's artistry and mastery of the keyboard. Trombonist James Tegtmeyer combined with Bill Gleason in the ballad "Over the Rainbow" as the other instrumental number.

The St. Joseph's College Glee Club included in their part of the program three songs from Rogers and Hammerstein's musical hit "Oklahoma," consisting of "Oh, What a Beautiful Morning," "Surrey with the Fringe on Top," and the title song. A recent hit, "My Bonnie Lassie," "Your Land and My Land," "Torna A Surriento," "Marianina," "Alleluia," and the Russian version of the "Our Father" with Greg Petrin as soloist featured the second part of the program.

CSF Entertains Next

The girls from CSF entertained with "All the Things You Are," by Kern, "Serenade" from Romberg's "Student Prince," and Ger-shwin's "Love Walked In." Their other numbers were a duet of "Young at Heart," sung by Rosemarie Steed and Madeline Zougan-elis, "Russian Picnic" with soloist Diana Panozzo, and "I'll Walk With God" with Marilyn O'Neill and Beatrice Miller doing the singing.

All the clubs combined for four other numbers which included "Ave Maria," "Res My Shoes," "150th Psalm," and the final encore, "Roll, Jordan, Roll."

The directors of the various clubs are Rev. Lawrence Heiman, SJC Glee Club; Sister M. Cecelia, O.S.F., CSF Chorale; Arthur Eneix, guest director, and Bernard Qubeck, SJC Extension Chorus.

STUFF

Published bi-weekly during the school year, except during the calendar holidays of Thanksgiving, Christmas, Easter and mid-year examinations by students of St. Joseph's College. Entered as second class matter Sept. 20, 1937, at the Post Office in Collegeville, Ind., under Act of

March 3, 1879. Subscription \$1.00.

Puma Profiles

Intramural Scoreboard

By John F. White

Spring sports ran true to form this season. As expected, the Noll Lions won the 16" crown and the Phantoms of Bennett took the 12" title.

The Lions of Noll were not so mighty when they met the Gamokes but nevertheless they were able to make a win out of a defeat by lodging a justified protest and winning it. The Gamokes downed the Lions 11 to 10 on a last inning homer by Dan Lyman which landed in the trees, and a clutch single by Irv Valente. It so happened though that the men from Merlini had a man playing who was not on their roster, a fact which the juniors realized and capitalized on.

The next day the Lions swamped the IPAS from Drexel, the A League winner, by a score of 21 to 13. This win gave the Noll aggregation their second championship of the four major sports.

Bennett's Phantoms met with their stiffest competition of the year when they downed the Leftovers. Had it not been for a surge of first inning wildness by the frosh pitcher it might have been a different story. The seniors scored 13 runs in that inning on two hits and numerous walks and errors. The Drexelites came back to make a real game of it, finally being beaten 14-11. By knocking off the once defeated Los Guopos, of West Seifert they clinched their championship.

Noll Hall, which was never behind in the race for the All-Sports Trophy, retained their lead to the end. The Juniors bested their nearest opponent Bennett by over 30 points. Glenn Murphy, president of the Senior class of 1957 received the trophy for his hall at the All Sports Banquet.

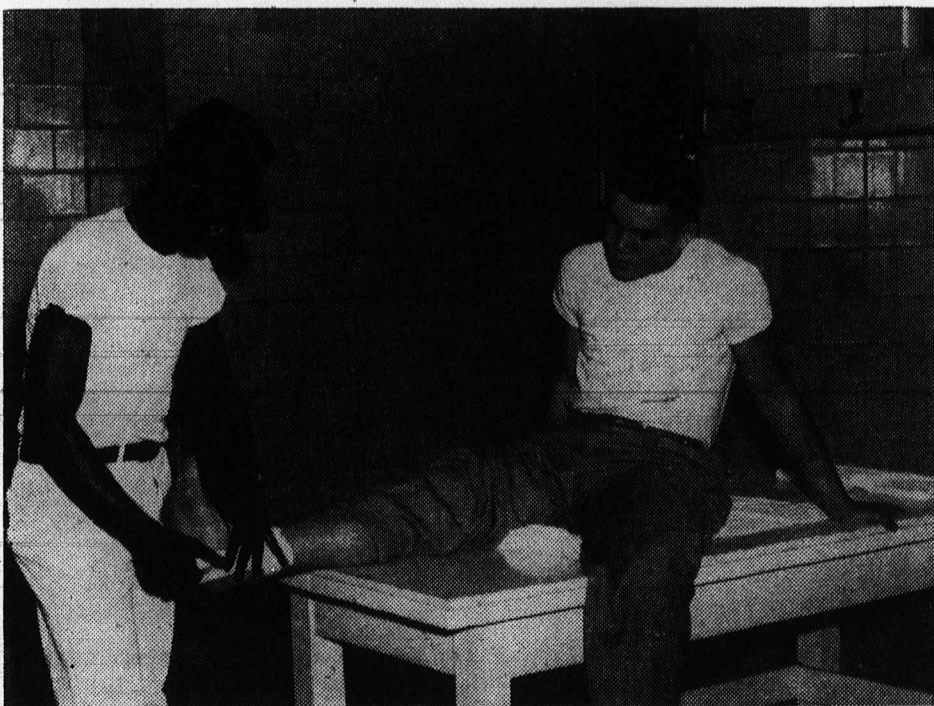

As the year comes to a close everyone will agree that it was one of the most successful in the school's history. This year marked a completely new concept of intramurals here at St. Joseph's, namely that of organizing teams according to halls. It brought about the desired effect of equalizing the competition as was exemplified by the number of freshmen teams that showed so well. The teams from Drexel placed second in every major sport. The 7-7's from Gaspar, another freshmen team, emerged as basetball champions.

In the 13 activities offered by the department this year there were over 2000 participants. Over 80 percent of all eligible students participated in one or another IM sport. A student body that shows this kind of enthusiasm can not help but have a successful program.

In closing the year I believe that the student body owes a vote of thanks to Mr. James Beane for devising this new program and giving us the basis for a really good Intramural Department. Also to Fr. Schaefer, who took over at the semester and very ably carried out the program which Mr. Beane originated.

Although many may disagree, I believe that the officials, Ray Cerney, Pete Higgins, Chuck Wiles, Marv Hackman, Dan Fenker, Jim Noll, Ken Fedder, Jack Ryan and George Lux did some very fine work. Everyone is fallible but I think these men were as fair and impartial as it is possible to be.

EDITOR'S NOTE: We think John F. White himself deserves a lot of credit for the program as well.

One of the unheralded figures behind Puma athletic success is student-trainer Cliff Robinson. Cliff, a junior from Indianapolis, is here seen applying some tape to ankle of tackle Ken Bates.

Sports Banquet Honors Athletes

One of the most successful years in the college's more recent sports picture came to a fitting close last Thursday evening at the annual Sports Banquet. Some 110 varsity and intramural athletes heard Mr. Cappuccilli as toastmaster introduce the various speakers.

Very Rev. Raphael Gross, President of the College, had words of congratulations for the coaches and directors for their part in the successful school year.

O'Connell Optimistic

Basketball coach Dale O'Connell extended his thanks to the team, the cheerleaders, and the student body for their hard work, fight, and spirit. The head mentor forecasted a rosy outlook for next year's squad.

In football, Mr. Bob Jauron warned against over-confidence. He feels that our average squad's spirit of determination will be the factor for success next fall.

As golf coach, Fr. Clement Kuhns was hopeful for an improvement next year over the squad's 1-7-2 record, though four of his linksmen must be replaced.

The intramural program then received the nod for recognition, as Director Fr. Daniel Schaefer thanked the student body for the enthusiasm that was a vital part of the new program's success. Thanks were extended also to John F. White for his work in running the program and to the Student Council for making the winners' trophies available.

Noll Gets Trophy

Highlighting the presentations was the awarding of the All-Sports Trophy to Noll Hall, accepted by Junior Class President Glenn Murphy.

Student Council prexy Tony Smith made the individual team

Slumping Pumas Fail 3 Times in Last 4 Tries

by Tom Phillipp

Collegeville baseball came to an end Tuesday with a doubleheader against DePauw, of which one game was a makeup tilt for an earlier rainout. Going into the twin bill, the Pumas held an 8-8 record, 3-4 in the conference; five games were rained out.

At Terre Haute May 12, Indiana State Teachers reached starter Joe Horney for 5 runs in the 1st inning. Greg Jancich came in to put out

the fire, but it was too late as the Sycamores took home a 7-3 victory. The Pumas out-hit State 12-8 while Jancich was striking out 14. Ralph Tite's 3 safeties in 4 trips, including a homer and a double, led the attack, together with Tom Deem's 3 singles in 5 trips.

In a non-conference breather, the Pumas were upset by Lewis College 9-3 on May 16. The hosts got the margin they needed in the 3rd off Horney, as their attack was sparked by two roundtrippers. O'Mara finished on the mound. Leading the Pumas' five-hit effort was Grupenhoff's pair of singles in 4 trips.

Working their way home from a double loss in a championship bid with Valpo, Evansville's Aces stopped at Collegeville last Saturday long enough to split a twin bill, winning the first 5-1 and dropping the nightcap 8-4. In the first game, the winning margin again came in the first off Jancich, who went the route on the hill. A walk to Kuzniar and a single by LaPointe in the 1st accounted for St. Joe's lone marker.

In the second game, the home club came up with 11 hits to the Aces' 4. Turk started and was relieved by O'Mara in the 3rd. Grupenhoff had 3 for 4, including a triple, in the seven-inning contest. Redelman and Kuzniar each collected a pair of hits.

Bombers Repeat, Top Guopos 12-5

The Bennett Bombers clinched the intramural 12" softball title Monday night by downing Los Guopos from West Seifert 12-5.

It was Bob Naab, as usual, the winner. Frank Wittry, the Guopos losing pitcher, powered a four bagger, the only homer of the game.

One big inning, the fourth, proved to be the entire story, as the Bombers combined some nice hitting with a flock of Guopos mis-cues to put across eight runs.

presentations to the Noll Lions for football, the Bennett Bombers for basketball, the Noll Terrors for Bowling, and the Noll Lions for 16" softball.

Athletic Director Fr. Joseph Smolar then spoke, criticizing the school paper and saying, "Freedom of the press was adopted this year, but it is finished now."

The banquet closed with the guest speaker, Mr. Tony Lawless, football coach at Fenwick High in Oak Park, who was introduced as "Dean of Coaches in the City of Chicago".

SC Orders Tickets For Xavier Opener

At its last meeting the Student Council made definite plans for a student trip to Cincinnati for the football game with Xavier University. Four hundred tickets have been ordered since then from Xavier. It was necessary to order them early, and in such a large block, since Xavier does not sell student/tickets as such.

The game will be played Sunday night and the Council has estimated that the busses will leave approximately at noon that day. They will then leave Cincinnati immediately after the game. There will be no provisions made for excused cuts on the following day because of the game.

There will be no sale of tickets until school opens in September.

Varsity Views

By Tom Phillipp

The Indiana Collegiate Conference baseball season came to a dramatic ending last Friday, as far as crowning a champion is concerned. With identical records of six wins and no losses and team batting averages of close to .300, Evansville and Valparaiso clashed head on in Crusaderland in a pair of pressure-packed games. It was the first meeting of these clubs in the league's six-year history because of inclement weather each previous season.

Having had four contests rained out this year, the hosts had to come up with a pair of victories to take the crown. The Aces could have won the works even with a split, however, because their four remaining games, if won, would give them the necessary winning percentage.

Friday night found Valpo packing their second successive baseball trophy in mothballs as they swept both ends of the doubleheader to keep their record spotless. The Rocket City nine, meanwhile, were journeying to Pumaville for the split they were looking for. The fight for the lower positions continues right up until Saturday.

Evansville went trophy hunting the hard way. Ten of their twelve conference tilts were in double-headers.

The Pumas' cause was hurt when "Novocaine Arm" Dwinell went lame early in the season, after more than two years of top service. Since then, another ace, Paul Gatzka, came up with the same wing trouble. He stuck around long enough, however, to lead the league in six departments, though the season wasn't yet half over. Working 15 innings, the sophomore hurler gave up no runs and only six hits. He walked six and struck out 15. Gatzka's last appearance was the Valpo road contest.

With the student trip plans to Xavier completed, the game promises to be quite a contest, mindful of the Pumas' enthusiastic support. X's Musketeers sported quite a squad last year (7-2), losing to an undefeated Miami of Ohio team by one point, and to Quantico Marines by 14. Along with their four shut-outs, the Ohioans almost tripled their opponents' point total in nine games. Included in the number of their fourteen returning lettermen are eight starting seniors. Looks like a tough job ahead.

Barnett, Penning, Kasing Top Writing Contests

Richard J. Barnett, Howard Penning, and John Kasing are the first prize winners of the Alumni Essay Contest, Hanley Science Contest, and the Pursley Award, respectively.

Barnett's Essay was entitled "Coup d'Etat at the Met." He received \$25 for it. Gerald Schomp received \$15 and second place for his essay "The Southern Enigma." Third prize honors were taken by Joseph Biel for his work on "Big Business."

Reminiscing

(Con't. from page 2)

Day football game, the first Columbian Players presentation, "Dial M for Murder." At the Christmas Concert in December we were informed that the Ford Foundation had granted St. Joseph's College \$313,500—a thoughtful Christmas gift!

After the Christmas vacation came the Mardi Gras with its New Orleans flavor. It was about this time that the Student Ride Bureau was formed. Then we saw the Jose Limon group perform our final concert of the year. In April we had the annual Regina-St. Mark's Concert—the biggest hit of the year. Science Day and the Music Festival were also held during this month.

In May, we saw "Gramercy Ghost," which played on Parent's Day, the Spring Music Festival on May 16, the Revels on the 18th, and the Prom with Billy May on the 19th.

Interspersed with the activities through out the year, we had some less attractive but more important tasks to perform, such as essays, research papers, and exams. In addition to these sporting, social and didactic events we've had our Student Council, class, and club election campaigns, our student trips, our Retreats, and our Masses.

Yes, this has been a busy year for all of us, and, we hope, a profitable one, because everything that we do in college will in some way affect our lives. We'll carry the memory of these experiences forever within ourselves, to help us and to guide us throughout life.

And so it is with a feeling of melancholy that we leave our beautiful campus this spring. We are grateful to St. Joe's—and to Saint Joseph—for their kindness toward us, and we look forward to returning again next September.

Penning captured the \$100 first place prize for his Hanley entry "Where there's an Itch." \$50 went to Joe Maher for his essay on "The Nature of Fermentation," while third place honorable mention was awarded to Fred Stucker, who did an essay "From Barley to Beer."

Kasing's literary work was entitled "Joe," and for it he received \$50. Second place was won by Don Moorman for his "Bertrand." Third place went to Thomas Demint who wrote on "This Thing Called Freedom." The Pursley Contest carries no monetary reward for second or third place.

Leonard Given White Award

William Leonard has received the Louis B. White trophy as the most valuable member of the Glee Club. Urban Thobe received honorable mention.

Carl Jaeger, a junior, and William Gleason, a sophomore, have been elected vice-president and secretary-treasurer respectively.

Keys have been awarded to those members having five semesters in the club and to this year's officers. Recipients of keys are Richard Lewczynski, Tom O'Rourke, Jaeger, Roy Swanson, Darrell Shonkwiler, Ken Dolan, Chuck Vietzen, Leonard and Terry O'Hagan.

Biologists Pick Caporal as Head

Bob Caporal is the newly elected president of the Biology club. Joe Brungardt was elected vice-president, Tom Stucker secretary, and Jack Rusina, treasurer.

Geologists Vote Neville Prexy

Senior Ed Klockenkemper received the annual Hruzik Award by vote of the members of the Geology Club. This annual award is in the form of a \$50 Brunton compass with leather carrying case. It is awarded annually in memory of deceased John Krukik '50, a former member of the club, to the outstanding geology student of the year.

The club's new officers are: Don Neville, president; George Kirkpatrick, vice-president; Mike Bateman, secretary; and Bob Li, treasurer.

High School Seniors Win Scholarships

The St. Joseph's scholarship committee has announced the awarding of academic scholarships to the following high school seniors:

Ronald F. Urban, St. Mel High School, Chicago; Mathias C. Loesch, Central Catholic High School, Fort Wayne; Charles A. Ludwa, Mount Carmel High School, Chicago; James R. McCullough, Mount Carmel; Lawrence M. Corbin, Mount Carmel; John D. Williston, Boys Catholic High School, Augusta, Georgia; Joseph M. Watson, Northeast Catholic High School, Philadelphia, Pa.; Frank R. Fitzgerald, Fenwick High School, Oak Park, Ill.; Joseph M. Kanamuller, St. Mel High School, Chicago; and Bernard Stukenborg, West Township High School, Plymouth, Ind.

CP's Elect Rezek Malik, Gleason

The Columbian Players have elected junior Dick Rezek president for the coming year. Other new officers elected include Bernie Balas, vice-president, and Ray Malik and Bill Gleason, secretary and treasurer respectively.

Rezek served as vice-president for the group during the past year and also as stage manager for all the CP productions except "The Valiant." Balas appeared as Max Halliday in "Dial M for Murder", the judge in "The Valiant," and Charley Stewart in the "Gramercy Ghost." Malik was the group's assistant stage manager, doubled as the policeman in "Gramercy Ghost," and was stage manager for "The Valiant" at the One Act Play Festival at Marian College.

Jack Carlson, who served as president of the organization this year, is graduating in June.

SPRING IS HERE AT Falveys

Spring is here and we have the right attire for campus wear. Try a short sleeve sport shirt and a pair of Ivy League Pants from our new Spring stock. You will be amazed at how little it will cost you.

We think that you would have to go a long way to find a stock of short sleeve sport shirts that will equal ours. Hundreds in stock and more arriving almost daily. Whether you prefer Italian styling, Ivy League's, Windsor Collars, Mandarin Collars, or a regular short sleeve sport shirt in plaids, stripes, checks or splashy patterns, we have it. The price is even better.

Over 90% of our stock
\$2.98

To complete your campus wardrobe try a pair of Ivy League Pants and a Lightweight Jacket.

PANTS — \$3.98

JACKETS — \$3.98 to \$12.95

Prom Attended By 210 Couples

According to Prom officials, about 210 couples danced to the music of the Billy May band last weekend. Miss Donna Callopy was crowned queen by her escort Joe Kneip. Her attendants were Judi Berg, Brunhilde Hilletrap, and Ann Scherschel. Their escorts were Jim Noll, Bill Franz, and Dave Verdeyen, respectively.
